C.S Bali ICT Centre constructed and equipped by Ashia Cameroon

Ashia Cameroon, a Child centered humanitarian NGO, has handed over to the authorities of catholic School Bali, two constructed ICT halls, each stuffed with 24 Dell and HP laptops and printers and two classrooms and toilet facilities to Presbyterian Primary School Tikali, in two separate ceremonies that took place at the respective schools Friday December 13, 2013.

“This marvelous ICT centre is not only to teach pupils of this school, but is open to those of other primary schools in Bali who lack such a facility” said a visibly very happy Legima Sylvia Head teacher of C.S. Bali town.

“This would go a long way to ease our task. We have ICT on our curriculum but I must confess that we have never had any class because of lack of PCs. Today we don’t just have ordinary PCs but modern and portable laptops, portable DVD drives, printers and more” she continued.

Several pupils rushed into the ICT centre as soon as the equipment were installed. Some final

year pupils had the privilege to work on the machines for the first time in their lives.

"I never thought I would work on a PC in my life, but today I have typed a letter to my friend" Edna Andin, a class six pupil confessed to us.

Each hall is equipped with 25 laptops, and a printer

Fei Gregory country coordinator of the Ashia Cameroon said they have intervened in several localities in the Northwest, Adamawa, West and Centre regions of the country to assist schools, hospitals and orphanages in constructing classrooms, hospital wards and toilets, provide benches, health equipment and ICT tools and gadgets to promote and enhance the education and lives of children from poor background.

"I can not give you in monetary terms how much has been put into this projects" Fei Gregory said.

" because all this you see are from benevolent people that are committed to better the lives of children worldwide" he added.

The entire project is estimated to cost over 12 million CFA Frs.

Bruno and Gregory Ashia Cameroon representatives

Ashia Cameroon has already donated computers and other ICT gadgets to all the primary schools in Bali, 30 computers to Divine Comprehensive High school and Bali Community High.

Ashia Cameroon projects are sponsored by Kalja and Felix Bruhin based in Switzerland.
